

Evolution™ Control

Programmable Home Comfort System Control

EVOLUTION™
SYSTEM

The Evolution of Comfort

Bryant is at the forefront of a comfort revolution with its exclusive Evolution™ System. Starting with the sleek, sophisticated Evolution Control, this system puts more power and ease-of-use at your fingertips than any other comfort control. Full, seven-day programmability allows precise temperature and humidity control that matches your living schedule. Intelligent electronics track system operation and identifies the very best combination of comfort and energy-saving operation. Accessory and system monitors provide text-based messages on the large LED screen letting you know when it's time for a filter change, routine maintenance and more. And, optional remote connectivity lets you monitor, change and control the system anywhere you have Internet, phone, or cell phone access.

Simple, intuitive and powerful, the Evolution™ System truly sets a new standard for excellence in home comfort.

Bryant Puts Unprecedented

A Tradition of Higher Standards

For more than a century, Bryant® has delivered on the promise of providing superior quality, reliability, value and comfort to a nation of satisfied homeowners. Our company-wide dedication to doing whatever it takes to earn your trust has motivated us to continuously develop products that advance the capabilities of home comfort systems. And, that's why we're excited to offer the Evolution™ Control.

The Bryant Evolution Control is the industry's most complete comfort system interface. It offers an unparalleled range of comfort control from one convenient and easy-to-use wall-mounted source. Installed by your trusted local Bryant dealer and backed by the best name in the business, this product helps deliver the comprehensive whole-home control you and your family deserve.

Revolutionary Comfort Benefits

On its own, the Evolution™ Control is a remarkable upgrade from the ordinary thermostat. In concert with a Bryant variable-speed equipment and any Bryant central air conditioner or heat pump, this special interface becomes the focal point of a Bryant Evolution™ System.

The Evolution Control allows you to take charge of your home's temperature, humidity,

dehumidification, ventilation and indoor air quality from one centrally located user interface. At the same time, you'll be amazed at how truly easy it is to use. Designed with the largest backlit temperature display in the industry, simple push-button controls and intuitive programming with on-screen instructional prompts, Bryant re-defines the term, "user-friendly."

Perfect Comfort with Perfect Humidity™

The Evolution™ Control not only controls your comfort, it controls your efficiency, too. Full, seven-day-a-week programmability lets you set temperature and humidity levels for the best combination of comfort

when you're home, and extra-high efficiency when you're away. Compared to a conventional, non-programmable thermostat, you can save as much as 30% on heating and cooling costs!

ed Comfort at Your Fingertips

Warranty

To the original owner, the Bryant Evolution™ Control is covered by a 10-year parts limited warranty.* Ask your Bryant dealer about optional extended warranties, which may include labor.

*Warranty period is 5 years if not registered within 90 days. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty. See warranty certificate at bryant.com for complete details.

Performance

The Ultimate Efficiency Control

- Large, backlit, easy-to-read display.
- Intuitive, on-screen prompts help walk you through setup and programming.
- Programmable fan with four speed settings for customized fan control.
- Accessory reminders take the guesswork out of replacing filters, humidifier pads and UV lamps.
- One-button access to comfort settings appropriate for vacations or other periods of inactivity in your home.

DAY-AT-A-GLANCE PROGRAMMING

Set your comfort schedule for an entire week. The large backlit LCD is easy to read and provides convenient on-screen directions to help you through the process.

POP-UP REMINDERS

On-screen reminders let you know when it's time to change an air filter as well as when it's time for routine maintenance.

Pre-select temperature and humidity settings for times when you are away through the Vacation function.

Total System Integration

For additional efficiency, TrueSense™ dirty filter detection lets you know right away when it's time to change your media filter, and the accessory status indicator lets you track maintenance needs of other accessories such as a humidifier, UV lights or a ventilator. To take your comfort one step further, all of these features and more are available when you upgrade to the room-to-room comfort control of a Bryant zoning system using the Evolution™ Zone Control.

The Evolution Control is much more than just a thermostat. It is your single source of precision temperature, humidity and indoor air quality.

EVOLUTION™
SYSTEM

Indoor Comfort You Can Rely On

1 ENVIRONMENTALLY SOUND COOLING
Bryant offers a comprehensive family of 13- 20 SEER air conditioners and the environmentally sound Puron® refrigerant.

2 PRECISION COMFORT CONTROL
Our Evolution Control allows for precise temperature and humidity control. "Intelligent" circuitry with full 7-day programmability monitors operation and automatically adjusts system settings to maximize comfort and efficiency.

3 FURNACE
Provides reliable, high efficiency heating for long-lasting comfort and energy savings. Available in high efficiency gas- and oil-based fuel sources.

4 EVAPORATOR COIL
Allows the refrigerant to absorb heat from the air as it passes over the coil surface. The evaporator coil is located with the indoor unit and is also referred to as the indoor coil.

5 HUMIDIFIER
replenishes moisture to dry air.

6 AIR PURIFIER
Improves air quality by removing harmful and irritating airborne pollutants from your home.

7 ULTRAVIOLET GERMICIDAL LAMP
helps prevent growth and buildup of contaminants on your indoor coil to maximize efficiency and leave your indoor air cleaner and less polluted.

8 FRESH AIR VENTILATOR
combines fresh outdoor air with conditioned indoor air for improved air quality and maximum efficiency – great for today's tightly constructed home.

9 ZONING
Sets different temperatures for up to eight different areas of your home for truly customized comfort and enhanced utility savings.
